Curriculum and Content

What do you want to teach?

Are there standards for that subject?
If so what are they?

Curriculum and Content

What are the goals and objectives of your curriculum?

In what ways can my students apply or practice the concepts I'm teaching?

Dig Deeper

**You have the tools, resources, and
ability to create a powerful and
impactful program!**

Curriculum Components

Instruct

Focus on what your outcomes are because they will guide what you teach and in what order.

Apply

How the children will practice after you've instructed?

Evaluate

How will you know if they learned the concepts or are on the path for success to meet the expected outcomes?

Purchasing A Curriculum Checklist

- ☐ Will this curriculum sustain the length of my program?
- ☐ Can I cover this in my startup budget?
- ☐ Are individual workbooks included or will I need to make copies of everything?
- ☐ Are the activities exciting and engaging?
- ☐ Are there evaluation tools included?
- ☐ Is there a facilitators guide included? How many?
- ☐ Is the curriculum standards based? If so by what set of standards?
